Alfred Becker

Author's declaration

Unless otherwise indicated in the text or references, or acknowledged above, this thesis is entirely the product of my own scholarly work. This thesis has not been submitted either in whole or part, for a degree at this or any other university or institution. This is to certify that the printed version is equivalent to the submitted electronic one.

Stuttgart, September 2014

Frank Steiler

Confidential agreement

The following internship report contains confidential information of Hewlett Packard GmbH. This work may only be made available to the first and second reviewers and authorized members of the board of examiners. Any publication and reproduction of this report – neither full nor partial – is strongly prohibited. An inspection of this work by third party members requires the express approval by the author and Hewlett Packard GmbH.

Preliminary note

Abbreviations or technical terms are not specially marked, but can be found in the list of abbreviations respectively in the glossary. While characterizing or enumerating persons I will relinquish the feminine and just use the masculine form. This is because of simplification and should not be seen as any kind of discrimination.

Abstract

Contents

1	Introduction	1
2	License	2
